Even without falling to the ground, a (standing) DOWNS may be announced when it is obvious that a fighter has sustained damage, and the referee has determined that the fighter would be in a dangerous situation if the attack were to continue.

The "DOWNS" count will be preceded by a "DOWNS" call and gesture by the referee. The referee shall be the sole person with authority to call a "DOWNS."

The fighter who has downed his opponent shall wait at a neutral corner during the "DOWNS" count by the referee until further instructions are given.

If the fighter does not follow the referee's instruction to wait at a neutral corner, the referee may stop his count, and continue the countdown only after the fighter has moved to a neutral corner.
